

Office of Personnel Management

§ 532.275

(h) Special wage schedules shall be effective on the same date as the regular wage schedules for the Puerto Rico wage area.

[55 FR 46145, Nov. 1, 1990, as amended at 60 FR 62701, Dec. 7, 1995]

§ 532.269 Special wage schedules for Corps of Engineers, U.S. Army navigation lock and dam employees.

(a) The Department of Defense shall establish special wage schedules for nonsupervisory, leader, and supervisory wage employees of the Corps of Engineers, U.S. Army, who are engaged in operating lock and dam equipment or who repair and maintain navigation lock and dam operating machinery and equipment.

(b) Employees shall be subject to one of the following pay provisions:

(1) If all navigation lock and dam installations under a District headquarters office are located within a single wage area, the employees shall be paid from special wage schedules having rates identical to the regular wage schedule applicable to that wage area.

(2) If navigation lock and dam installations under a District headquarters office are located in more than one wage area, employees shall be paid from a special wage schedule having rates identical to the regular wage schedule authorized for the headquarters office.

(c) Each special wage schedule shall be effective on the same date as the regular schedule on which it is based.

§ 532.271 Special wage schedules for National Park Service positions in overlap areas.

(a)(1) The Department of the Interior shall establish special schedules for wage employees of the National Park Service whose duty station is located in one of the following NPS jurisdictions:

- (i) Blue Ridge Parkway;
- (ii) Natchez Trace Parkway; and
- (iii) Great Smoky Mountains National Park.

(2) Each of these NPS jurisdictions is located in (i.e., overlaps) more than one FWS wage area.

(b) The special overlap wage schedules in each of the NPS jurisdictions

shall be based on a determination concerning which regular nonsupervisory wage schedule in the overlapped FWS wage areas provides the most favorable payline for the employees.

(c) The most favorable payline shall be determined by computing a simple average of the 15 nonsupervisory second step rates on each one of the regular schedules authorized for each wage area overlapped. The highest average obtained by this method will identify the regular schedule that produces the most favorable payline.

(d) Each special schedule shall be effective on the same date as the regular schedule on which it is based.

(e) If there is a change in the identification of the most favorable payline, the special schedule for the current year shall be issued on its normal effective date. The next special schedule shall be issued on the effective date of the next regular schedule that produced the most favorable payline for the NPS jurisdiction in the previous year.

§ 532.273 Special wage schedules for United States Information Agency Radio Antenna Rigger positions.

(a) The United States Information Agency shall establish special wage schedules for Radio Antenna Riggers employed at transmitting and relay stations in the United States.

(b) The wage rate shall be the regular wage rate for the appropriate grade for Radio Antenna Rigger for the wage area in which the station is located, plus 25 percent of that rate.

(c) The 25 percent differential shall be in lieu of any environmental differential that would otherwise be payable.

(d) The special schedules shall be effective on the same date as the regular wage schedules for the wage area in which the positions are located.
